Advertising and sponsorship for the international scientific conference *Biogas Science 2014*

Dear Sir or Madam,

The organising committee cordially invites experts interested in the field of anaerobic digestion to participate in the international conference ***Biogas Science 2014*** from **the 26th to the 30th October 2014 in Vienna**. *Biogas Science 2014* will build on the success of *Biogas Science 2009*, which took place in Erding, Germany.

The conference *Biogas Science 2014* will provide a platform for the exchange of scientific knowledge on substrates for AD, gas technology and microbiology within the biogas area. The main topics include substrates in AD, gas technology, process technology, microbiology, life cycle assessment, and data preparation.

The conference will provide a conducive environment to introduce your company, services and products to experts and potential customers. We invite companies to present their technologies, products and services in an oral contribution. If you are interested in an oral presentation, please submit your abstract by the 30th June 2014.

Biogas Science 2014 will take place at the conference centre Schönbrunn, which is located at the beautiful Schönbrunn Palace with its extraordinary gardens next to the zoological garden. The Schönbrunn Palace is one of the most important cultural monuments and tourist attractions in Austria.

Attached you will find detailed information on different advertising and sponsoring possibilities at *Biogas Science 2014*. For further information please visit our webpage (<http://biogas2014.boku.ac.at/#!/sponsoring>). If you have any queries, the organising committee will be happy to answer your questions.

The organising committee is looking forward to your attendance and to meeting you in Vienna at *Biogas Science 2014*.

Best regards,

Alexander Bauer, Günther Bochmann, Georg M. Gübitz,
Andreas Gronauer, Stefanie Scheidl, Stefan Weiß

Please choose a sponsoring or advertising activity that is suitable for you and your company. Of course, you are invited to be an individual sponsor for *Biogas Science 2014*, for example by:

- officially sponsoring of conference bags
- officially sponsoring of best-poster-award
- providing advertising material and / or gifts for conference bags

All prices are exempt from Austrian VAT.
